

What are Adaptogens?

Adaptogenic Botanicals are used by traditional Chinese, Tibetan, Ayurvedic, & Native American peoples. They are known to produce a state of non-specific resistance to stress. Enhance productivity & performance. Help regulate & normalize body system function. Increase resistance to a broad spectrum of adverse biological, chemical & physical factors. Noted researchers A. Panossian & G. Wikman (2009) state that adaptogens work at the cellular level, priming the cells of the body to more effectively respond to stress. We invite you to enjoy Sun Horse Adaptogenic Elixir daily and feel the power for yourselves.
